

Our Mission: To provide compassionate care to those facing the end of life; comfort and guidance to their caregivers, families and friends; serve our community and educate professionals to assure access to quality hospice care.

Our Vision: To be the provider of choice for the provision of hospice and palliative care throughout the Cleveland Clinic health system and the region.

To be a national leader in the innovation of the art and philosophy of advanced disease management, hospice and palliative care.

To achieve clinical excellence in the practice of hospice and palliative care by exceeding standards of care and national benchmarks.

To advocate for the needs of the seriously ill and the dying so that timely end-of-life care will be accepted, accessible and fully integrated into the practice of medicine and our community.

To provide to donors the privilege to help others through their gifts to hospice.

Values: Quality, Integrity, Compassion, Collaboration, Commitment

Caring, Comfort, Compassion

Join our team...

We at Cleveland Clinic Hospice at Home believe that no one facing a life-limiting illness needs to walk alone. Our team of experienced professionals works together to provide the very best in medical care, spiritual solace, social support and human companionship. But we need your help! Join our volunteer team and play an important role in the care of patients. No experience is necessary, but caring and compassion are required. Positions and commitments are flexible.

Volunteer Services
