Trike & Bike
BENEFITING VELOSANO

Thank you for being **100% for the cure!**

This guide will get your wheels turning on how to **fundraise for Trike & Bike**. Keep in mind these are just suggestions – you can be as creative as you want with your fundraising activities!

By raising money for Trike & Bike, you are giving doctors and researchers at Cleveland Clinic Children's the tools to help sick children feel better again.

Here are some helpful tips to make the most of your personal fundraising page:

- Make the page yours! Upload your favorite photo and share why you are **100% for the cure**.

- Ask your parents to share the link to your page with family and close friends first. It will help you get a head start on donations!

- Have your parents post the link to your fundraising page on Facebook for a simple way to connect with your network.

- Thank your supporters for their gifts! Write a thank you note or send them a thank you video for their generosity.

- Aim higher! Once you meet your initial goal, make it bigger. Special prizes await the top fundraiser and top fundraising team of each ride – Including a chance to win a Cedar Point ***Ticket of a Lifetime!***

There are countless ways you can fundraise for Trike & Bike, but here are a few ideas to get you started:

- Host a lemonade stand! This classic fundraiser is a tasty and refreshing way to raise money for pediatric cancer research.

- Ask your friends and family to pledge money for activities. For every basketball shot made or bike lap around your neighborhood, ask them to donate to your Trike & Bike page!

- “Sell” your arts & crafts for donations. Mail your art to friends and family with a note asking for support.
