

## Nancy M. Albert Nursing Research Excellence Award Enterprise Award

**Purpose:** Presented in recognition of excellence in research and raising awareness of the value of evidence-based practices that result from nursing research and to encourage nurses to think innovatively, develop research questions, conduct research, disseminate findings and translate them into practice.

**Eligibility:** Any nurse employed at Cleveland Clinic for at least one year. The nominee must have achieved “commendable” or higher on their last annual performance review and have no corrective action in the last two years.

**Process:** Any caregiver, patient or volunteer may nominate. Submissions will be scored during a double-blind review based on evidence provided by completion of the nomination questions. Honorees will be announced during Nurses Week.

**Instructions:** Please **DO NOT** use the nominee’s name when writing details, but rather address as the **NOMINEE**. Answer each question completely, providing specific examples or descriptions as requested, including patient and other caregiver comments. When possible, provide quantitative data to support examples.

1. Provide examples of how the nominee has contributed to nursing’s body of knowledge through the development (of research ideas or proposals) and/or through the implementation (conducting) of nursing research. Include title(s) of nursing research study(ies) and study status (in-process, completed, published, presented).
2. Provide examples of how the nominee has guided, supported or influenced other nurses’ research activities in meaningful, measurable ways through the art of mentorship and/or through collaborative support.
3. Describe the nominee’s contributions to the dissemination of nursing research through oral/poster presentations (e.g., content development, preparation/formatting). Provide details (meeting name, presentation name, site presented, oral/poster and date(s)). Enter N/A if not applicable.
4. Describe the nominee’s contributions to the dissemination of nursing research through publication in peer-reviewed journals (e.g., content development, writing, formatting) and the nominee’s role (first author, co-author, senior author). Provide details (title of the paper & name of the journal). If disseminated in a Cleveland Clinic forum (Consult QD, Notable Nursing, etc.), describe the reference. Share the importance of implications of the research findings, when known. Enter N/A if not applicable.
5. Provide specific examples of the nominee’s efforts to secure internal or external funding to support research activities (e.g., literature reviews, implementing a study, developing a manuscript, other) when applicable. Enter N/A if not applicable.
6. Provide examples of how the nominee aligns with at least three of the six Cleveland Clinic Values: Safety & Quality, Empathy, Teamwork, Integrity, Inclusion and Innovation.
