

## Which Doctors are not covered under our Financial Assistance Policy?

Most services provided by physicians at Cleveland Clinic facilities are covered by the Cleveland Clinic Financial Assistance Policy (FAP), as described below.

Physicians working at each facility who are **not** covered under the FAP are identified in the attached Provider List, by name and the hospital facility where they practice.

The list is also available online at [clevelandclinic.org/financialassistance](https://clevelandclinic.org/financialassistance), in all our Emergency Departments and admissions areas, and upon request by calling Patients First Support Services (PFSS) or asking a Cleveland Clinic Financial Counselor.

**Ohio Main Campus.** All services by physicians, whether in the hospital or in a physician office, are covered under the FAP because the physicians are Cleveland Clinic employees. This is also true in all our

Ohio Family Health and Surgery Centers, with very limited exceptions as listed under the heading “Ohio ASC’s”.

**Ohio Regional Hospitals.** Most physicians performing services in our regional hospitals are in private practice. Their services are not covered under our FAP. You would receive a bill from us for the hospital services, and a separate bill from them for their physician services. The names of the physicians whose services are not covered by the FAP are listed under the name of each regional hospital where they practice.

**Nevada.** All services by physicians in Nevada are covered under the FAP because the physicians practicing there are Cleveland Clinic employees.

This listing is effective as of 1/1/2025 and updated quarterly. If you do not see a physician listed here and want to verify whether that person is currently covered under the CCHS FAP, please call PFSS at 866.621.6385.
