## **ADDENDUM**

Effective:  
February 21,  
2025

## **Grievance Procedure**

In addition to the program's accrediting agency, students who are enrolled in a program approved by the Ohio State Board of Career Colleges and Schools (OSBCCS) may file a complaint with the State Board. Please refer to the program-specific section of this catalog to obtain contact information for the OSBCCS.

*The original statement which appears on pages 6-7 in the catalog has been updated to reflect the correct location to obtain OSBCCS contact information in the originally published catalog effective January 31, 2025.*

## **Student Contact Information Policy**

Cleveland Clinic School of Health Professions students are required to provide accurate and timely information regarding their address(es), telephone number(s), and other contact information to the school's Registrar or the Program Director. Students are required to verify their contact information, including physical address, mailing address, telephone number, and email at the time of enrollment into the school.

Contact information concerning students and their emergency contacts facilitates effective communication and access to these persons in appropriate circumstances. Such circumstances include, but are not limited to, the following:

- Health and safety emergencies affecting students
- Notification concerning opportunities or important events about which students may wish to be informed
- General information sharing from the school or its program(s).

Contact information will be maintained in accordance with the federal Family Educational Rights and Privacy Act of 1974 (FERPA). Contact information can include:

- Name (first and/or last)
- Telephone number
- Mailing and/or physical address (P.O. Box does not qualify as physical address)
- Personal email address

Students must submit contact information updates via email to the office of the registrar at [SOHPRegistrar@ccf.org](mailto:SOHPRegistrar@ccf.org) within 10 business days of the change.

Students are advised that failure to comply with this policy could result in disciplinary action.

*This policy was not included in the originally published catalog effective January 31, 2025.*

## **Herbert Kohler Opportunity Scholarship**

The Cardiac Ultrasound Program strives to advocate for an inclusive and accepting community. The Herbert Kohler Opportunity Scholarship is funded by the generosity of the Kohler Foundation. This scholarship is intended to provide financial assistance to students from a range of backgrounds and life experiences. Preference will be given to students who have experienced significant challenges or hardships that have influenced their life journey. These challenges and experiences may revolve around

any number of factors, such as family background, community setting, educational experience, health-related challenges, and general life experiences.

One \$10,000 non-renewable scholarship is awarded before the start of the program. The annual award is split evenly over fall, spring, and summer terms.

The scholarship is paid directly to the program and will result in a tuition credit towards the program tuition.

Eligibility:

To be eligible for scholarship consideration, students:

- Must be accepted into the Cardiac Ultrasound Program.
- Must have a minimum cumulative 3.0 GPA at prior academic institution(s).
- Must submit the Opportunity Scholarship Application by June 1<sup>st</sup> deadline.
- Cannot be awarded in collaboration with another Cardiac Ultrasound Program scholarship.

Award requirements:

- Scholarship is non-renewable.
- Student must maintain good academic standing as defined by the School of Health Professions Catalog
- To maintain the scholarship, a student must be enrolled full-time and keep a minimum 2.5 GPA.

The application will include:

- A copy of academic transcript(s).
- Letters of recommendation.
- A personal statement.
  - Prompts:
    - In what ways have your unique background, experiences, and perspectives shaped who you are today? Share a specific example of how your unique or impactful experiences have contributed to your personal growth and the enrichment of your community.
    - Many individuals face challenges based on their background, ethnicity, gender, health or other personal characteristics. Share a significant obstacle you have encountered and overcome from your unique or impactful experiences. How did this experience shape your character and ambitions?

*The Herbert Kohler Diversity Scholarship has been renamed and the description of the scholarship has been updated which replaces the description found on page 63 in the originally published catalog effective January 31, 2025.*

## **Dietetic Internship**

### *Accreditation*

The Dietetic Internship Program is fully accredited through June 30th, 2026, by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), a specialized accrediting body recognized by the United States Department of Education. Recognition by USDE affirms that ACEND meets national standards and is a reliable authority on the quality of nutrition/dietetics education programs.

ACEND may be contacted at:

Accreditation Council for Education in Nutrition and Dietetics  
Suite 2190  
120 South Riverside Plaza  
Chicago, IL 60606-6995  
312-899-0040, ext 5400  
<https://www.eatrightpro.org/acend>

*The business address suite number for the Accreditation Council for Education in Nutrition and Dietetics (ACEND) has been updated which replaces the suite number found on pages 8 and 129 in the originally published catalog effective January 31, 2025.*

### *Mission Statement*

The mission of the Cleveland Clinic Dietetic Internship is to create entry-level registered dietitian nutritionists who will become future leaders in the nutrition profession. Critical thinking, collaboration and decision-making are skills that the interns will be required to practice and refine throughout the program. The intention of our program is to foster future cutting-edge, advanced practice dietitians who will meet the needs of their clients and provide the best care through innovative skills and research-based practice.

The mission of our department, the Center for Human Nutrition, is to provide the highest quality nutrition care through leadership in clinical practice, education and research. Our vision is the Center for Human Nutrition is the best place for nutrition care world-wide. Our values are Quality & Safety; Innovation; Teamwork; Integrity; Empathy & Inclusion. These statements reflect the greater Cleveland Clinic mission – to provide better care of the sick, investigation into their problems, and further education of those who serve. As leaders in the dietetics' profession, our graduates will meet the needs of their clients and provide superior care, applying advanced clinical skills and research-based practice. Program outcomes related to our goals listed below are available upon request. Contact [barborn@ccf.org](mailto:barborn@ccf.org).

*The mission statement for Dietetic Internship has been updated which replaces the mission statement found on page 128 in the originally published catalog effective January 31, 2025.*

### *Program Goals*

- The program will prepare graduates to transition from academic programs through successful completion of the internship, to attaining entry-level registered dietitian nutritionist credentialed status, and gaining employment in the dietetics field.
- The program will foster internship graduates' professional growth and provide opportunities to acquire and demonstrate skills to become future leaders of the dietetics profession.

### Program Objectives

- At least 80% of interns complete program requirements within 15 months (150% of planned program length).
- At least 90 percent of program graduates take the CDR credentialing exam within 12 months of program completion.
- The program's one-year pass rate (graduates who pass the registration exam within one year of first attempt) on the CDR credentialing exam for dietitian nutritionists is at least 80%.
- Of graduates who seek employment, at least 90 percent are employed in nutrition and dietetics or related fields within 12 months of graduation.
- 100% of graduates' employers report that knowledge level and skill competency is satisfactory or better overall for entry-level dietetics-related work.
- 100% of graduates self-report overall scores of at least satisfactory regarding internship preparedness in dietetic-related professional skills and competencies.
- 90% of graduates report leadership responsibilities in professional areas within five years of graduation.

*The program goals and objectives for Dietetic Internship have been updated which replaces the goals and objectives found on pages 128-129 in the originally published catalog effective January 31, 2025.*
